

PUBLIC INFORMATION/INPUT MEETING

Water Street & High Street

Street Lighting and Roadway Improvement Project

Thursday, May 8, 2014 @ 7:00 PM

A Public Meeting will be held in the Selectmen's Meeting Room, Town Hall, 120 Main Street, 2nd Floor. This will be to provide information and receive input on the draft plans for street lighting and roadway improvements to this section of the Machine Shop Village Area.

The Design Consultants and representatives from Community Development and Public Works will present the draft plan, answer questions, and take input from interested stakeholders and abutters to the project. Construction of the street lights is anticipated in the next eighteen months and roadway improvements in future years.

For further information call either Public Works or Community Development.
