

Greater River Valley Medical Reserve Corps

Volunteer Application

The Greater River Valley MRC is regional in nature to encompass the seven towns within the existing working coalition of The Greater Lawrence Coalition for Public Health Emergency Preparedness. This coalition has worked tremendously with each other since it was formed in 2003. We are dedicated to our goal of continuing this superior working group collaboration by bringing the commitment of using best practice into the process of recruiting new MRC volunteers who live and work within the boundaries of the seven town Coalition.

Your willingness to volunteer your skills and knowledge is what the Medical Reserve Corps is all about.
