HOME SECURITY PROPERTY FORM

Prepare a listing on this form of your personal property that is most likely to be stolen during a burglary. Ensure the Make, Model, Serial Number and any personalized number you have engraved on the item is listed.

If you are planning to engrave your property you may want to consider using your driver's license number if it is unique and not your social security number. Add "DL" to the end to indicate it is a driver's license and add "- 1, -2, -3" etc. for each item that you engrave.

It is recommended that you make two copies. Keep one at your residence and the other in a safe location such as a safe deposit box. You may also want to consider videotaping or photographing your valuables, especially those that cannot be engraved such as jewelry or silverware.
